<sup>1</sup> These rates include an asymmetric internet connection with internet flat rate. The notice period is 3 months to the day at the end of the term. Without notice, the contract is tacitly extended and can then be terminated at any time with one month's notice to the day. Other contract periods on request.

<sup>2</sup> The hardware is provided on a purchase basis and remains with the customer after termination of the contract. If no pre-configured router from AirIT is desired, but an own router is to be set up and used independently, AirIT cannot guarantee a successful connection. Not every model is suitable for this connection.

<sup>3</sup> A SIP telephone connection from AirIT can only be booked in conjunction with an AirIT internet connection.

<sup>4</sup> The installation service can only be booked if the router is also purchased from AirIT. It includes the installation of the components provided by AirIT including journey. A functioning house wiring is required.

<sup>5</sup> An allocation of desired or consecutive phone numbers is not possible.

<sup>6</sup> Telephone number portability is only possible within the same local network. If you move to a different area code, it is unfortunately not possible to transfer numbers. With the standard connection, you can take over up to two phone numbers, with a telephony upgrade up to 10 phone numbers.
