AirIT Fiber Business Connect tariffs

In addition to the AirIT Campus DSL tariffs, we also offer a fiber-based internet connection with a symmetrical bandwidth from 10 MBit/s up to 10 GBit/s via our own fiber network on request.

AirIT VoIP telephone systems

Cloud telephone system Individually configurable VoIP telephone system in the cloud	on request
OnPremise telephone system Individually configurable VoIP telephone system on customer's own server	on request

¹ These rates include an asymmetric internet connection with internet flat rate. The notice period is 3 months to the day at the end of the term. Without notice, the contract is tacitly extended and can then be terminated at any time with one month's notice to the day. Other contract terms on request.

² The hardware is provided on a purchase basis and remains with the customer after termination of the contract. If no pre-configured router from AirIT is desired, but an own router is to be set up and used independently, AirIT cannot guarantee a successful connection. Not every model is suitable for this connection.

³ A SIP telephone connection from AirIT can only be booked in conjunction with an AirIT internet connection.

⁴ The installation service can only be booked if the router is also purchased from AirIT. It includes the installation of the components provided by AirIT, including journey. A functioning house wiring is required.

⁵ The shipping fee only applies if no on-site installation service has been booked.

⁶ The journey will be charged as working time.

⁷ Bar 60/60: The first and each subsequent minute is billed in full.

Service and other	one-time
Installation service ⁴ on-site incl. journey	€ 75.00
Shipping fee for hardware ⁵	€ 8.95
On-site troubleshooting per hour ⁶	€ 75.00
